## ***Learning Goals***

***2016-17***

**1. All students will use literacy skills-reading, writing, speaking, and listening-to evaluate information: form, express, and communicate ideas and opinions; solve complex, real-world problems; and make informed decisions, in all content areas and across all grade levels.**

**2. We will eliminate the gaps in achievement associated with student's language proficiency and socioeconomic status.**

**3. We will create an inclusive environment where all teachers, staff, students, and families are valued, seen and heard.**
